

Authorized Agent

An Authorized Agent is an individual who is invited and authorized to provide and manage the vendor information in the Vendor Manager System (VMS). Authorized Agents may be vendors who have access to eVoucher or external users who do not have access to eVoucher and are restricted to only managing the payment account details, banking information, and tax information for their authorized users in the VMS. Only Authorized Agents who are invited to the VMS by a vendor may create an account and enter the application.

Note: If you do not have a Login.gov account, you will be prompted to create one before you can access the VMS.

Creating an Authorized Agent Account

Step 1

When a vendor invites you to join the VMS application as an authorized agent, you will receive a system-generated email with a brief description of the authorized agent role and a link to create a VMS account. In the email, click **Vendor Manager** if you agree to be the authorized agent for this vendor.
